APS recently [unveiled two planning proposals](#) that explore moving some elementary schools in 2021-22 to address challenges before the **Fall 2020 Elementary School Boundary Process** begins. The proposals may be revised after staff reviews and community input. Final proposal(s) will be presented to the School Board on Jan. 6, 2020, with a School Board Public Hearing on Jan. 30, 2020 and School Board action scheduled for February 9, 2020. **Community engagement** for these proposals is underway now, and a new Online Information Session has been made available for community members. This session features a brief panel discussion and presentation by APS leaders to address initial questions we have received from the community to date. A Spanish version of this information session will be released soon. **Coming Soon:** A Community Questionnaire that will gather input, ideas and suggestions from stakeholders. It's SNOW secret, we're a great school.... **random acts of kindness:** pile them up like snow! If you would like to help an Arlington Public Schools family in need, please **consider grabbing a 'Kindness Snowflake'** from the bulletin board in our entry hallway. The snowflakes are marked with items that could help make the holiday season a little more joyful for a family in need. You can **bring in your contribution to the front office by December 18th** and we will distribute them accordingly. If your family has any needs for the holiday season, please contact Maggie Ryan, our school social worker. Thank you for your generosity!

If you are looking for another option to be charitable this season, our Nottingham community is participating in **"Seats and Feets" drive** (see attached flyer) to support families in the Arlington community who need a little extra help from Santa this year. [seats and feets.pdf](#)
